### EDUCATION

- Bachelor of Science,  
**Obafemi Awolowo University, Ile-Ife, Osun state**
- Software Development & Desktop Publishing,  
**National Institute of Information Technology, Ibadan, Nigeria.**

## **Nov 2022- October 2023**

### **Bankole Kasumu LLC – Fullstack Developer, Lagos Nigeria**

- Created a charity platform.
- Events can be generated by users and live donations made to them
- Live chat with websockets so potential donators can interact with event creator.
- In-app wallet created upon registration. Can be funded through debit cards/bank transfers.
- Oversaw and implemented automated build, test and deployment pipelines from start to finish.

## **April 2022- October 2022**

### **Bankole Kasumu LLC – Fullstack Developer, Lagos Nigeria**

- Built a law-student bar exam practice platform.
- Each asset is stored by an admin in folders which can be nested to infinity. Folder nesting was implemented with tree data structure.
- Access to resources within folders was based on subscription or outright purchase.
- Oversaw and implemented automated build and deployment pipelines.
- Managed development milestones from initial steps through final delivery.
