Experience

Sentinel AI, USA – Fullstack Developer, Remote Nov 2024

- Wrote the infrastructure to scrap the web and compile international sanctions lists.
- AI generated report runs a summary of risk score etc for sanctioned individuals.
- Worked on appropriate UIs for financial institutions to use during user onboarding.

Pavos Financial Group, Canada – Fullstack Developer, Remote March 2024– July 2024

- Built an international payments solution (available as android/iOS mobile apps).
- Oversaw the coverage of six countries and their currency exchanges, including Nigeria.
- Implemented a test-driven approach with jest to ensure code integrity
- In-app wallet created upon registration. Can be easily funded through debit cards/bank transfers. International transfers happen within seconds and at zero to an extremely minimal cost.
- Oversaw and implemented automated build and deployment pipelines from start to finish

Bankole Kasumu LLC, Lagos – Fullstack Developer, Remote Nov 2022 – October 2023

- Created a charity platform
- Requests can be generated by users and live donations made to them.
- Integrated live chats into the platform using websockets
- Implemented automated build, test and deployment pipelines from start to finish.

Bankole Kasumu LLC, Lagos – Fullstack Developer, Remote Nov 2022 – October 2023

- Built a law-student bar exam practice platform
- Assets, including timed questions, audios etc, can be bought/subscribed to.
- Admin can store these assets infinitely into nested folder structures.
- Managed and oversaw the development milestones from initial steps through final delivery
